

Abstract of Disclosure

Night Fishman, is a Rod And Reel holder, designed for all Fisherman, including Handicapped. It features a Light, and Buzzer, powered by a 9 volt Battery, that is activated, when Fish, comes in contact. The Light Feature, makes it possible to acknowledge Fish on line, without all the extra Night Lights, that attract pesty insects, Also helps the Hearing impaired, to acknowledge Action. The Buzzer Feature, helps to attract your Attention, to Activity on Line, also helps the Visually impaired. Night Fishman can be constructed, in various Sizes, to accomodate any type of Fishing, and can be equipped with mounting Bracket, which can adapt to Boats, Piers, Docks, Ect. Night Fishman, has Sturdy Handle, to easily anchor into Ground.
